

COMPANY PROFILE

Metro Cars Transport Services was established early February of 2009. Over the years, it has swiftly increased its fleet* to cater clienteles demands. Metro Cars Transport Services is a company that truly understands customers needs, thus making sure to give them a car renting experience that's definitely nothing short of amazing!

It is the only company that presents excellent value for money and offers services tailored according to their customers needs. The company always seeks additional ways to become a total transportation solutions provider.

Customer satisfaction has always been at the top of their list. Hence, its location is strategically located near Mactan-Cebu International Airport for easy access and rental process is designed to be quick and straightforward. In addition, hospitable staff and well-trained and experienced drivers are as ever ready to give you with best service.

The company's fleet is comprised of the latest and popular makes and models ranging from economy to luxury sedans at a very affordable and reasonable price. Vehicles are well-maintained and cleaned at its very own garage to ensure perfect running condition.
